NOTE: Stewie is NOT a real person. He resides on a foot. Nothing he says has a basis in fact. He is parody laced with satire. Stewie does not rip on particular individuals or companies, but rather, parodies the industry as a whole as he sees it through the lens of a sock. His world is an amalgamation of the absurd, strange, and goofy things he has experienced over the years, all lumped into one Mr. Potato Head. No reasonable person is expected to believe that anything Stewie says is truth, or is an accusation against a person or company or anything in-between. However, Stewie hopes to make you think and laugh at the same time. If not, and sobeit; there is a product called "Butthurt Cream"; Google it. This statement is here on the chance that an unreasonable person actually believes Stewie to be real. There are already socks sending him shoes.
